

### GVCM Mission Team Lead Contract

We at GVCM see mission trips as a discipleship opportunity for all individuals and families who choose to participate. We believe mission trips are an opportunity for people to grow in their faith and to view the character of God from a fresh perspective. It is our hope that all trip members (regardless of personal beliefs) will grow in their understanding of what a personal relationship with Jesus Christ looks like. This is highlighted by opportunities to pray, sing, speak, listen, comfort, and serve God and the people we will encounter both on our team and on the mission field we visit and serve.

I desire to lead a team on a Global Vision Citadelle Ministries mission trip and in doing so:

- First and foremost, I understand that GVCM is a Christian Organization seeking to bring the hope and light of Christ into the darkest places of Haiti. I will commit to leading our team in a Christ-like manner. I will communicate this mission and vision to my team in both my actions and my words. I will support the vision of GVCM to the best of my ability seeking to share the love of Christ with all whom God places in my path.
- I agree to abide by all deadlines set forth by GVCM in regard to my mission trip.
- I am able to present a completed background check for each individual on our team or will notify GVCM to process one upon submitting the applications.
- I agree to review the mission manual in detail with each team member in its entirety, with extra clarity surrounding the following issues:
  - Team members are not to distribute/give money to anyone other than Junior Gauchier or Yves Prophete
  - Team members are not to exchange personal contact information (phone number, email, Facebook contacts) while on their trip, and will not have any contact with children in Haiti other than through the GVCM approved methods.
  - Dress code: tattoos should be covered up, single ear-piercing jewelry is acceptable but all other, please be respectful of the local culture and leave the rest out (preferably at home). Fingernail polish is recommended to be removed. All these requests are to help you be culturally aware and allow our testimony to shine without hinderance.
- I agree to communicate openly with the GVCM staff about any concerns, questions or comments which arise before, during, and after our trip.
- As a member of a mission trip team I also agree, while on the mission field, to abstain from the use of alcohol, cigarettes and/or the use of illegal narcotics while on this trip.

I have read and understand the Global Vision Citadelle Ministries Team Leader Contract and I agree to lead my team as requested. I understand that by not following this contract, I may be denied the opportunity to serve on a mission trip at the discretion of the Mission Trip Coordinator or Executive Director.
